- Put clean linens on beds (located in top of closet in each room) If you don't have time to wash the ones you used, just leave them on top of the washing machine or in the dirty clothes hamper in the master bedroom closet. Same with the towels.
- Turn on AC (even in the winter) and leave thermostat on 78.
- Vacuum is located in the master bedroom closet.
- Check washer for wet clothes.
- Check dryer for your stuff.
- Check bathrooms for your shampoo, razor, etc.
- Put balcony cushions in balcony storage room.
- We don't lock the storage room with the beach stuff.
- Leave all extra keys. Bring back the key you used to get in.
- Take out the trash. Chute is on parking lot side across from our front storage room.
- Turn on dehumidifier and open "laundry room" door!!**
- Leave all ceiling fans on and bedroom doors open. **Leave drapes and west window blind slightly open for the corn plant.**
- Make sure door closes securely. With the weather stripping, you have to **close FIRMLY.**

Shipwatch A604

16787 Perdido Key Drive
Pensacola, FL 32507

Coming from Mississippi, take exit 44 off I-10 past Mobile onto Highway 59. Come down to the Foley Beach Express and get \$3.50 ready for the toll.

After the bridge over the Intracoastal (by the Wharf), take a left on Canal Road and go 2.7 miles to AL-161. Take a right on AL-161 and go 1.7 miles to You will then dead-end into the beach highway (AL-182). Take a left and go 5 miles. Our building is .8 miles on the right after passing the Flora-Bama (don't tell me you don't know where that is). If you pass the Tom Thumb, you went 40 feet too far.

Building A is the 8 story building on the east side of the property.

- There are some brown hand towels for removing makeup (thanks, Farrah!)

Tips

- ~ Use the wand to close the drapes or the drapes will start looking dingy.
- ~ The coffee maker turns off in 5 minutes if you don't set clock. Otherwise, it's goes off in 2 hours.
- ~ Don't use screen door in living room.
- ~ Don't run heat or air with the doors/windows open. That causes mold!
- ~ The heat/air is not balanced and the master bedroom gets too much of whatever is on. You need to leave the master bedroom door open for circulation.
- ~ There is a bathroom plunger in the balcony storage room.
- ~ There is a black wine sweater in the narrow drawer to the left of wine cooler.

- ☼ If you take your phone to the beach, ziplock bags are in the drawer on left side of oven.
- ☼ Floats, umbrella, rubber mallet (for securing umbrella), and other beach stuff are in storage room to the right of the front door.
- ☼ The cart will transport chairs, coolers, and so on to the end of the boardwalk. Leave it in the sand at end of boardwalk.
- ☼ There are two pools, a small one on the west side of our building that stays shaded a good part of the day and a larger one across the street that is 9 feet deep.
- ☼ There is a small hot tub and a sauna across the street near the big pool. Two keys are hanging in the armoire and are marked "spa". Workout room is also located there (allegedly).
